- ❖ **Add on Course** in *Bratachari*

5. DIGITAL SKILL

- ❖ **Add on Course** in *Taxation and Computerized Accounting*
- ❖ **Capability Enhancement Skill** training in Computer Skills for Non-Teaching Staff.

These courses enhance the following-

1 Employability: Students who have relevant skills are more appealing to employers, providing them an advantage in the employment market.

2.Critical Thinking: The development of skills encourages critical thinking, empowering pupils to assess situations and arrive at wise judgments.

3.Adaptability: In the ever-evolving world of today, flexibility is essential. Students can adapt to new technology and changing sectors with the support of skill development.

4.Confidence Boost: Gaining proficiency in skills gives pupils more self-assurance, which motivates them to approach new difficulties with a positive outlook.

5.Life Skills: Essential life skills like time management, financial literacy, and effective communication are taught through skill advancements.

6.Entrepreneurial Spirit: Fostering abilities may stoke an entrepreneurial spirit and encourage pupils to innovate and create new possibilities.

7. Communication Skills: Effective communication skills are crucial in both personal and professional situations. This calls for the ability to communicate ideas, listen intently, and communicate both orally and in writing.

8. Digital literacy: In today's digital age, understanding technology and online platforms is essential. Understanding how to use digital tools, being aware of online safety, and responding to quickly evolving technology.

The Skill development initiatives taken by the college are of paramount importance for career advancement. They prepare students for specific skilled trades and careers, equipping them with practical skills and hands-on experience, thus making them career-ready and highly employable.
