

ICT ENABLED CLASSROOM

Information and communication technologies (ICT) have undoubtedly revolutionized the art of teaching and learning. Our college has adopted various measures to raise the level of digital consciousness and competency of the students to acclimatize them to the contemporary digital environment. With this objective in view, the college has established the ICT based teaching-learning system. ICT enabled classroom; seminar hall makes the mission of college authority successful.

The so-called conventional methodology of teaching, 'Chalk-Duster-Lecture Technique' has certain limitations such as board management, neat diagrams, and handwriting skills. In the modern context, contemporary settings are favouring curricula that promote competency and performance. Curricula are developed to emphasize capabilities and concerns towards the application of the information. ICTs can provide strong support for all these requirements and there are now many outstanding examples of world-class settings for competency and performance-based curricula that make sound use of these

technologies. The integration of ICT can help revitalize teachers and students. The usage of ICT is to complement the classical teaching techniques, particularly in difficult subject areas. To achieve these objectives, teachers need to be involved in the preparation of online teaching resources, multimedia presentation and developing online video lectures.

Our college has 14 ICT classrooms in Honours departments with HD Projector and screen. Apart from this, every department of our college uses laptops, portable projectors and projection screens as and when required.

Students of this rural college gets multiple benefits from ICT classrooms like-

Digital Literacy

Interactive Learning

Collaborative Learning

Enhanced Engagement

Access to Resources

Personalized Learning

Preparation for the Digital Age

By integrating ICT into the classroom, students of the college are better prepared for the challenges and opportunities of the digital age.
